

## Materials needed for Belt Project for January

Temma Kanowith

### Canvas

- 5-6 inches of either 13/14 mesh canvas 36 inches long
- Top and bottom of canvas should be covered in either tape or fabric

### Frame

- Can use two clothes pins

### Fibers

- I have used Watercolors, Silk and Ivory, Vineyard silk, Pearl Cotton (size 3 or 5 depending on your canvas mesh. You can use wool, too.
- You will need approx. 40 yards of single ply thread for an 18 inch mesh canvas.

I can order canvas from my teacher (Barry) in Brewster, but need a month's notice. He can also get 40 yard hanks of Watercolors if you know what color you want.

### Cost:

- Canvas should be under \$10 and fibers...? Depends on what you want.
- Barry said that \$20 would cover Watercolors and canvas.
- The expense is in making the belt, from \$90 to \$120.
